

Welcome to Bühler India.

Your experienced partner. Bühler India is your competent partner when it comes to machines, plants and services for grain and food processing as well as in producing high-quality materials. Bühler started its India operations in 1992, with its main offices and workshop in Attibele, near Bangalore (Karnataka).

For individual solutions.

As a market leader, Bühler India offers comprehensive solutions and systems to suit specific customer needs. It provides the entire range of products and services of the Bühler Group, such as equipment for rice milling, flour milling, colour sorting, animal feed technology, oil milling, grinding & dispersion technology and die casting systems to the Indian market, complete with engineering, project management and automation. Since customer needs vary greatly across the region, Bühler India provides individually optimized solutions for maximum customer benefit.

Strong local presence.

More than 600 employees support the individual needs of all the customers based in South Asia. Besides Bangalore, Bühler India has offices in Delhi, Mumbai, Hyderabad, Kolkata

and Raipur. The service centers are located at Kakinada, Jalandhar, Nagpur, Patna, Lucknow, Karnal, Chennai and Ahmedabad. The vast national network ensures local presence for faster response to any kind of inquiry and shortened delivery times. Trained specialist engineers cater to after sales service throughout the life cycles of the equipment or plant.

Get in touch with Bühler India!
