

# Fine Perforated Sieves and Sheets, Perforated Sheets and Beaters.

Lasting price reduction.

Original Buhler parts for longer lifetimes.

Grain Processing  
Customer Service

**Buhler hammer mills grind various products from grain and hulling mills, from breweries and also from feed mills and produce high quality fine grind for mash filtration.**

The high level of performance that is required from hammer mills puts great demands on the wear parts they use. This is where the high quality of Buhler parts always pays off.

Don't make any compromises between maximum availability and cost-effectiveness. You can count on original fine perforated sheets, perforated sheets and beaters from Buhler at attractive prices.

## Your Benefits

- **Reduced prices.** You save money.
- **Best performance** thanks to original Buhler parts.
- **High level sieve efficiency** through an optimal balance between open sieve surface and service life, resulting in high economic savings regarding maintenance costs, especially through the reduced energy needs of the main engine.
- **With Buhler beaters, you'll profit from a 100 % longer service life** since both sides can be used.
- **Buhler beaters are wear resistant** and have an optimal setting of hardness grade yet aren't prone to breakage.
- **Buhler beaters are precisely built** to avoid vibrations caused by unbalance.

# Buhler wear parts for Hammer Mills.

Article No.	Description
<b>Fine Perforated Sieves for Hammer Mill DFZC-0655 (Sieve Halves)</b>	
DFZC-10122-010	Perforated sieve fine D 0.3
DFZC-10122-020	Perforated sieve fine D 0.4
DFZC-10122-040	Perforated sieve fine D 0.6
DFZC-10122-050	Perforated sieve fine D 0.8
DFZC-10122-060	Perforated sieve fine D 1.0
DFZC-10122-070	Perforated sieve fine D 1.25
<b>Fine Perforated Sheets and Perforated Sheets for Hammer Mill DFZC-1265 (Sieve Quarters)</b>	
DFZC-10121-010	Perforated sheet fine D 0.4
DFZC-10121-030	Perforated sheet fine D 0.6
DFZC-10121-040	Perforated sheet fine D 0.8
DFZC-10121-050	Perforated sheet fine D 1.0
DFZC-10121-060	Perforated sheet fine D 1,25
DFZC-10121-070	Perforated sheet fine D 1,5
DFZC-50157-020	Perforated sheet D 1.5
DFZC-50157-030	Perforated sheet D 2.0
DFZC-50157-050	Perforated sheet D 3.0
DFZC-50157-060	Perforated sheet D 3.5
DFZC-50157-070	Perforated sheet D 4.0
DFZC-50157-080	Perforated sheet D 5.0
DFZC-50157-090	Perforated sheet D 6.0
<b>Sieve Halves for Vertica Hammer Mill DFZK</b>	
DFZK-40008-010	Sieve half D 2.0
DFZK-40008-020	Sieve half D 2.5
DFZK-40008-030	Sieve half D 3.0
DFZK-40008-040	Sieve half D 3.5
DFZK-40008-050	Sieve half D 4.0
DFZK-40008-060	Sieve half D 5.0
DFZK-40008-070	Sieve half D 6.0
DFZK-40008-080	Sieve half D 8.0
<b>Beaters</b>	
DFZC-50148-010	Beater 165x60x6 2 L 33 (DFZC-1265)
DFZC-50049-010	Beater 142x60x6 2 L 33
DFZK-50071-010	Beater 189x60x8 2 L 28
DFZK-50072-010	Beater 219x60x8 2 L 28
DFZH-50000-010	Beater 185x60x6 2 L 28
DFZH-50043-010	Beater 155x60x6 2 L 28 (DFZC-0655)
DFZH-50070-010	Beater 170x60x6 1 L 28
DFZH-50071-010	Beater 150x60x6 1 L 28
DMSE-50080-010	Beater 142x60x6 Perforation: 2 L 22 (DFZC)
MJSA-50025-010	Beater 215x60x6 Perforation: 1 L 31

Contact your Buhler representative and ask for a price quote. You'll see that it's worth it.
